Yogyakarta

Software engineering major with a strong excitement in coding, graphic design, and problem-solving. Proficient in front-end development, UI/UX design, and project collaboration. Skilled in social media content design and graphic design. Passionate about 3D modelling and animation. Always learning and contributing to innovate tech solutions. Seeking opportunities to grow professionally and contribute to impactful projects.

EDUCATION

Universitas Gadjah Mada

August 2023 – Now

Software Engineering Technology, Vocational Collage

SMA N 2 Yogyakarta

July 2020 – May 2023

Graduated in Science Major

EXPERIENCE

PT Madana Innovation Technology

January 2026 – June 2026

Front-End Developer Internship

- Built responsive and interactive front-end interfaces using Vue.js
- Implemented Gitlab CI/CD pipelines to automate build, test, and deployment processes

Dolfin

October - November 2025

Computer Vision Annotator Freelance

- Annotated and labeled image datasets for computer vision projects, ensuring high accuracy and consistency according to project guidelines.
- Performed quality assurance and validation of annotations to improve dataset reliability and support machine learning model development.
- Collaborated with project teams to identify annotation issues, maintain data standards, and meet project deadlines efficiently

Proyek Konstruksi dan Evolusi Perangkat Lunak

August 2025 – December 2025

Full-Stack Developer

- Designed and implemented relational databases to support application requirements
- Developed back-end services uses Laravel, including RESTful APIs and business logic
- Built responsive and interactive front-end interfaces using Vue.js
- Implemented Gitlab CI/CD pipelines to automate build, test, and deployment processes

Proyek Mandiri Lintas Disiplin

August 2025 – December 2025

Front-End Developer

- Collaborated closely with UI/UX designers to translate design mockups into responsive and functional web interfaces
- Developed modern web applications using Next.js, React.js, and Tailwind CSS
- Utilized version control (Git) to collaborate effectively with other developers

Gemastik XVIII 2025

August 2025

Team Member of MahaAmba

- Created 3D character models and performed rigging using Blender
- Developed story concepts for a short animated movie
- Animated scenes for a short animation project from concept to final output

ASSETS TRPL UGM

February 2025 – Januari 2026

Media and Creative Staff

- Designed consistent and engaging Instagram feed content
- Collaborated with cross-functional teams to develop a cohesive visual brand design for branding and publications

Komunitas Mahasiswa TIK UGM

February 2025 – February 2026

Vice Head of Animation Division

- Co-led the animation division alongside the Head of Animation and staff membersProduced short animations from storyboard development to final rendering
- Mentored and taught members in 3D character modeling, rigging, and animation using Blender
- Produced short animation projects from story development to final rendering

Tech Enthusiast Day 2024

August 2024 – November 2024

Design, Documentation, and Decoration Staff

- Collaborated with the team to develop a unified event visual identity
- Selected and applied a consistent color palette across promotional materials
- Designed Instagram content and promotional posters for the event

Proyek Aplikasi Dasar

August 2024 – June 2025

Front-End Developer

- Collaborated with UI/UX designers to translate design mockups into functional web interfaces
- Developed dynamic and responsive web pages using Laravel Blade, Tailwind CSS, and JavaScript
- Utilized Git-based version control to collaborate effectively with other developers

Software Engineering Oriented Study 2024

August 2024 – December 2024

Publication, Design, and Documentation Staff

- Collaborated with team members to create a comprehensive event brand design
- Designed multiple Instagram feed assets for event promotion
- Captured and documented key moments through event photography

SKILL

Softskill :

- Clear, concise, and effective verbal communication
- Generates new ideas and approaches to solve problems
- Approaches challenges with a positive, solution-oriented mindset
- Open to new ideas and willing to adapt to changing circumstances
- Prioritizes tasks effectively and meets deadlines

Hardskill :

- Blender
- Figma
- Canva
- HTML
- CSS
- JavaScript
- PHP
- Laravel
- Vue.js
- Tailwind CSS
- Bootstrap
- React.js
- Next.js
